Give Strength to the Fight Against Breast Cancer at the 2016 Susan G. Komen Greater St. Louis Race for the Cure®

Susan G. Komen® Missouri invites the community to give strength to the local fight against breast cancer by participating in or donating to the 18th Annual Susan G. Komen Greater St. Louis Race for the Cure®. The fundraiser takes place Saturday morning, June 11, in downtown St. Louis. Register or donate at www.komenmissouri.org/STLRace.

The Komen Greater St. Louis Race for the Cure supports Komen Missouri's year-round mission of saving lives and ending breast cancer forever. The Race raises funds for the local fight against breast cancer, celebrates breast cancer survivors and thrivers, and honors those who have lost their lives to the disease.

St. Louis Cardinals Second Baseman Kolten Wong and his wife Alissa Wong are Honorary Co-Chairs of the 2016 Komen Greater St. Louis Race.

Local Dollars Making a Local Impact in the Fight Against Breast Cancer

The funds raised at the Komen Greater St. Louis Race will directly impact the breast health needs of local women, men and families. Seventy-five percent of the net funds raised through the Race stays in Komen Missouri's 38-county Missouri/Illinois service area to fund lifesaving, local breast cancer screening, breast health education and patient navigation and support programs for those who may not otherwise have access. The remaining 25 percent funds cutting-edge, global breast cancer research, including research being done in St. Louis.

The Race is Komen Missouri's signature fundraising event. Since 1999, Komen Missouri has raised and invested \$40 million in the fight against breast cancer, through events such as the annual Race. Komen Missouri has awarded more than \$30 million in community grants to local organizations that deliver breast health services in the region.

More than 100 percent of the funds raised here since 1999 has remained in and returned to the St. Louis area.

Race registration fees, fundraising dollars and donations give strength to the local fight against breast cancer.

Take Action for Breast Health Self-Awareness

Being female and growing older are the most common risk factors for developing breast cancer. Susan G. Komen® encourages all women over age 40 to get a mammogram every year.

Susan G. Komen® recommends that you:

1. Know your risk
2. Get screened
3. Know what is normal for you
4. Make healthy lifestyle choices

Breast Cancer Facts

- One in eight women in the United States will be diagnosed with breast cancer in her lifetime.
- Every minute, somewhere in the world, someone dies from breast cancer.
- At the current rate, 13 million breast cancer deaths around the world will occur in the next 25 years.
- The most common risk factors for breast cancer are being female and growing older.
- With respect to age, race, religion and socioeconomic status, breast cancer knows no boundaries.
- Breast cancer affects more than just the person diagnosed. Co-survivors (family, friends, co-workers) feel the effects too.
- There are more than 3 million breast cancer survivors in the U.S. today.
